July!

July 2022 Newsletter

Dear Friends,

June was just heartbreaking to see the increased numbers houseless people in the Miami Community. We fed at least 150 residents a hot breakfast. The gratitude was overwhelming as they understand the challenges the City now have in place to try keep Servants/Organizations from helping them.

Recent reports show there is a rising number of pedestrian hits among the Homeless Community especially at night. This is very sad, so we are seeking to distribute at least 100 reflector backpacks filled with carepacks this month. We believe this will help them be seen better during the night hours. Not to mention they are waterproof so it will double as storage to keep their items dry. We will also serve a hot breakfast. As we know homelessness has no gender, race, or nationality! To meet this goal, your continued help and donations are needed!

We are truly blessed to be able to continue to bless the community. Many organizations, businesses, and individuals are still struggling even in this season. If this is you, we are with you in this struggle? Times are tough for us too, but we are ever so inspired by God's provision to continue our mission and blessing those affected by homelessness, cancer, sickness, and grief. We are also excited to be able to award scholarships to high school graduates this year. We thank each of you for joining us in this work to help others in need of our love and support.

As the world continues to fully open, we will continue to practice ultimate safety to our volunteers. Please know we are still planning accordingly, and your safety is still our number one priority. We will continue to provide masks and gloves to all volunteers prior to serving. We will also continue to set up additional tables to keep the social distancing between us and the community.

### Know someone grieving or sick?

Did you know our organization follow a bereaved family for one full year? During that year we offer emotional support, counseling, and send encouraging cards. While the rest of the world carries on as though nothing has happened, Soul-Lifted Sisters remember that their world will never be the same. So just when they feel people have forgotten, they will open a card of encouragement to remember God loves them and we are still here praying their strength and lifting them up. Submit your request on behalf of a bereaved family or sick to:
