

Boarding

On arrival, we will take from you as much information about your pet to ensure they have as comfortable a stay as possible. We need to be made aware of any needs your pet may have, if they have preference for eating at a certain time, whether they have a tendency not to like certain types of people/noises etc...

We are happy to accept pets on medication and are guided by yourselves as to the administration of creams, lotions and tablets etc. We are also happy to accept females in season in addition to any males that need to take time out from females in season at home!

On arrival your pet will spend some time with one of our staff, this may include some play time, a grooming session or a walk, whichever your pet responds to the best.

We will in addition provide your pet with

- Three walks per day, with one of our staff
- Fussing sessions daily, to ensure clean eyes & coat and to bond with the dogs so that re-call is easier when they're off the lead (with your permission)
- Social contact and interaction with staff that will not only walk and groom them on a daily basis, but play with them & stimulate them physically and mentally.
- A suitable lodging and choose carefully where different dogs are placed, according to their needs and temperament.
- Provide round the clock stimulating music for them to relax to.
- Ensure correct ventilation & temperature.
- A clean environment for them to sleep & exercise in, to minimise any stress.
- End of stay wash service for all bedding free of charge. (as long as it will fit in our washing machine)

We also:

Encourage you to bring comfort items from home to help your pet feel at ease by a familiar smell of home.

Are happy for you to bring in your own food, chews and treats that we will give to your pet on your instructions. With your help we can make your pets stay with us as comfortable as possible, and hope that you will both choose to use the facilities again and again.....

Grooming

Here at Glebe Von Wood's Dog Grooming Centre we give your dog our undivided attention during it's visit with us. For a standard bath and dry your dog will enjoy a nice warm aqua bath and be washed twice with Whal's 'Dirty Beastie' shampoo. Once shampooed twice we then use a satin, PH balanced conditioner to soften the coat, leaving it feeling silky clean.

Full Groom Services can be added to the standard bath/dry, Details on request.

Dog Socialization

Here at the farm, we think the most important thing is keeping your dog socialised from a young age and in continuing to do so.

Puppy Socialisation - £40.00

For a great start to your puppy's education come and join our puppy socialisation course. The 4 week course runs continuously throughout the year and is tailored for young puppies once they have had their full vaccinations.

1/2 Hour Off Lead Play Sessions- £5.00

These sessions are available weekly and will be for dogs that we know, so that either board with us, have completed puppy class or have been bred by ourselves. These sessions will allow the owner and the dog to continue with the confidence of off lead play in a controlled environment.

Glebe Von Wood's German Shepherd Dogs

I have my own dogs here at the farm. My dogs are all outdoor dogs that gets lots of exercise and live in either groups of 2 or 3.

My dogs are all vaccinated, micro chipped & well socialised. They are exercised at separate times to any of our boarders, however if you would like your dog socialised with them whilst on site, we can together choose one of my dogs that will compliment the temperament of your dog.

We have between 2-4 litters a year and we specialise in long coat, solid white, blue & black in addition to black & tan and sables.

Our pups do not leave here until they are 8 weeks old and have had both vaccinations. We encourage new owners to come and see the pups on a weekly basis from 6 weeks old onwards, so that a bond can be formed. Our pups leave here with Kennel Club & 5 Generation Pedigree documents, having followed a worming programme from 2 weeks of age and are micro chipped. We are always here for advice and help or indeed if the relationship does not work out.
