

Level 5 Diploma in Leadership and Management for Adult Care

Who is this qualification for?

The Level 5 Diploma in Leadership and Management for Adult Care (England) is a competence-based qualification which has been developed with employers who provide adult care. The mandatory content is based on the Skills for Care qualification specifications which were produced following consultation with the sector.

The qualification covers the knowledge and skills required to work in a leadership and management role in a range of settings where services support individuals with different needs. The qualification contains units which are competence based and some knowledge-based units.

The qualification contains Skills for Care's minimum requirements for developing and confirming the competence of those who are working within adult care services in England as managers. This qualification will support the new Leader in Adult Care Apprenticeship standard.

Assessment method

The qualification will be assessed by a portfolio of evidence.
