

Emergence Forward

EMPOWERING TODAY'S LEADERS

Your support will help Women Empowering Change ensure that small business owners and today's leaders have the tools needed to reach their fullest potential.

Our 2021 Emergence Forward Summit is designed to provide leaders, both male and female, with the tools to create actionable goals, lead from a place of purpose, and effectively collaborate with industry peers. W.E.C. will present Catalyst 4 Change Leadership Awards to six small business owners, Catalyst 4 Change Radio Awards to seven Mixed Talk Radio hosts, and college scholarships to two working adults.

With your partnership, we will positively impact the lives of the award recipients, attendees, and volunteers. Your partnership will also enable us to produce a quality summit filled with knowledge, fun, and goodies.
