Additional Information

Most of our cupcakes and cakes can be made gluten free. Please do not hesitate to reach out regarding dietary restrictions and/or preferences.

That also goes for anything you may not see on the menu. If you dream it, we can create it!

Multiple different items may be ordered for dessert tables from cupcake, dessert bar and cookie sections. Let's make it happen!

The following format applies for guest count vs variety: 100 Guests or Less: up to 2 different kinds of desserts, 100-150 Guests: up to 3 different kinds of desserts, 150-200 Guests: up to 4 different kinds of desserts, 200 Guests or more: anywhere from 1 to 5 different dessert selection options.

**Cake is not considered a dessert selection for this formula-for example if you have 80 guests and would like to have a 2 tier, cake as well as cupcakes and brookies, we are happy to make that happen for you!*

What you see is what you get! No hidden fees for things that we believe should be part of the process; consultation, tasting, coordinating with event/venue representative, delivery and setup, etc.

Additional charges may apply for things such as elaborate accents and fresh floral designs (classic tiered cakes).

All prices include delivery and setup within Whatcom County at your venue on the day of your event. Some exceptions may apply for locations that exceed 25 miles from bakery location.
