

# mASCot

MANAGING AUTISM SPECTRUM CONDITION OURSELVES TOGETHER

## Supporting Local Families

### Introducing mASCot

**mASCot** is a parent led support network for families who have an autistic child/children or young person. mASCot brings families together and enables them to connect with others in similar situations as themselves.

mASCot supports families from the Brighton and Hove area, but over the last couple of years their membership has spread more into East & West Sussex.

Families benefit greatly from being able to share their experiences and swap strategies and knowledge with each other as well as having access to many projects.

mASCot is a resource that is always available, there are many opportunities for families to learn, socialise, access therapies and to take part in activities that are all specially geared for those living with ASC.

mASCot is all about celebrating wonderful diverse families and allowing children to be themselves whilst learning the skills to grow and thrive in the world.

### More of what they do

**mASCot** has evolved over the years and now has over 1100 local families within the network.

mASCot has a hardworking Director team and a committed group of parents who help run clubs and activities, all of whom have a child/children or young adults on the spectrum.

mASCot works hard to improve the services and provisions for ASC children within B&H but also actively facilitates many projects for children and families themselves, they are always planning new projects which include activities, talks, clubs, workshops and meet ups for mASCot children and families.

The best thing about mASCot is that everyone is there for each other, being able to access a network of support whenever needed is amazing, being able to just share a story is great.

There is always someone to listen to you and be there for you in mASCot.

### Some projects mASCot run

## Fundraising for mASCot

I/We have chosen mASCot C.I.C as the organisation I/we would like to fundraise for.

mASCot relies totally on funding and donations to be able to run all the projects they provide for families. Much of the work is on a voluntary basis with funding applied for to cover admin and the general running of mASCot.

100% of all donations to mASCot goes directly toward their projects and to supporting families.
