# “Distiller for a Day”

---

The Leatherwood Distillery proudly brings you the ultimate spirits experience. You and a friend will spend a day with a behind-the-scenes, hands-on learning experience with the Leatherwood master distiller. You will see the inner workings of a distillery.

Your day might involve a combination of mashing, filling barrels, emptying barrels, loading barrels into the rickhouse, bottling, and participating in tours, as well as getting to do a private Select Barrel Tasting. Sampling your work is included. Just like actually working in a distillery, every day is unique and the experience is yours alone!

It will truly be a day you will never forget!
