GOING BEYOND THE CALL.™

Hablamos su idioma. Llame 1-800-5-CONTIGO (1-800-526-6844).

All Distance Package: Offer available to residential *All Distance* customers only. *All Distance* customers are those who presubscribe to local and in-state toll service from SBC Connecticut and out of state long distance service from SBC Long Distance East. The *All Distance* Package includes subscription to the National ConnectionsSM call plan and the Phone SolutionSM feature package. Availability, rates, conditions and call plans are subject to change. If you remove any component of the offer, rates may be converted to non-discounted rates. Rate excludes taxes, fees, surcharges, installation, Universal Service and subscriber line charges. SBC Long Distance East provides Voice Mail Plus, Inside Wire Plus and calling beyond Connecticut. **National Connections:** Consists of unlimited in-state toll and long distance calls for direct-dialed, residential customers, non-business use only for \$20 a month. Cannot be used for business purposes or for long distance access to the Internet, telemarketing or auto-dialing purposes. If used for such purpose, you will be converted to a higher priced per minute call plan; if any required component is removed you will be charged \$30 per month for your unlimited long distance plan. **Phone Solution:** Phone Solution includes local access line, Inside Wire Plus, Voice Mail Plus and ten of our most popular calling features such as Caller ID with Name, Call Waiting and Three-Way Calling. Caller ID with Name and Privacy Manager require display equipment. With Caller ID, some call information may be blocked or unavailable. With Privacy Manager, unidentified calls are those that do not display an incoming phone number on caller ID units.

With Three-Way Calling, Missed Call Dialing and Call Forwarding, toll charges apply. Missed Call Dialing will not function on calls screened by Privacy Manager. Voice Mail Plus has a one-time activation fee of \$5 and requires the use of a touch-tone phone. When accessing your voice mailbox from outside your local calling area, toll charges may apply. Inside Wire Plus coverage is a service plan that covers repairs to jacks and inside wiring, provided they were functional when service was ordered. Both Voice Mail Plus and Inside Wire Plus are provided subject to written terms and conditions, and limitations and exclusions apply. All services may be purchased separately. We reserve the right to modify our call plans.
