

## GLOBEFORM ANALYSIS - TAPITURE

**TAPITURE** won the battle for second, as Bayern ran away with the Pennsylvania Derby (G2) at Parx in September. He beat Candy Boy by a head for the exacta spot, though was 5  $\frac{3}{4}$  lengths behind Bayern, who carried 2lb more than the placed horses. Tapiture and Candy Boy had met also in the West Virginia Derby (G2) at Mountaineer Park back in early August, when Tapiture won by a nose while in receipt of 2lb.

There is little between these two rivals, who can be best described as 'hopeful outsiders' in this BC Classic. **Globeform 114**
