

EXECUTIVE DIRECTOR OF MOBILIZING COMMUNITY

We've proven the power of community can make lifelong, generational impacts for under-represented youth. Are you the leader to take it to the next level?

About Us:

The Contingent empowers leaders and mobilizes community for the common good.

We are a 501(c)(3) venture non-profit that is actively addressing many of the largest injustices and vulnerabilities facing Oregonians today. At a time when the status quo is a divided society, we take the lead to bridge that divide. We ask hard questions. We take risks. We link arms with our neighbors, including business partners, nonprofits, foundations, faith communities, and government agencies to spark and drive action. From mentoring to mobilizing volunteers to restructuring systems that have worked for some at the cost of others, we prioritize uplifting and empowering leaders to transform their communities.

Our Mobilizing Community division leads key initiatives that take action to engage community members with those served by Oregon's government agencies. Our unique approach enables and magnifies the work of thousands of passionate individuals focused on under-represented kids, youth, and families in Oregon, creating real and unprecedented successes.

A shining example of these initiatives is **Every Child Oregon**. An established statewide initiative with proven results, Every Child is focused on mobilizing community members to increase both recruitment and retention of foster homes, as well as providing tangible and systemic supports for those impacted by foster care.

Our efforts have resulted in 8,200+ new Oregon foster parents and adoption inquiries over the past 5 years.
