**Types of Sessions Offered: Lecture, Multiple Presentation Panel and Round Table Poster Sessions.**

Three presentation formats are available for session selection. Select the format that best fits the content and learner outcomes of your proposal from those listed below. **Due to limited program slots, the Program Chair may determine it necessary to assign your session a format or length of time different from the one you select.**

**Lecture:** 60, 45, 30 minutes for individuals to present material about a specific topic. Interaction in this format is typically limited to questions and answers. **Lectures should have no more than 4 presenters.**

**Multiple Presentation Panel:** sessions in which 2 or more presenters are given approximately 20 minutes each to present their papers on a common topic, followed by 15 minutes of dialogue led by a discussant. The Program Co-Chairs will group and assign proposals to these sessions.

**Format:** A multiple presentation provides an opportunity to examine specific research issues, problems, or topics from a variety of perspectives. This would provide panel discussion format targeted at a clearly delineated research issue or idea. It may also provide interaction within the group. **This should have no more than 4 presenters.**

**Round Table Poster Sessions:** 30-minute sessions which visually present a research study, program or project and provide interaction with the participants.

**Format:** Poster sessions are designed to foster maximum interaction with the audience. There will be multiple poster sessions assigned to each time slot. Attendees will share conversations and interact with a specific poster in round table discussion. Poster session presenters must: (1) prepare a poster exhibit of high quality that can stand alone in conveying information, and (2) attend the entire poster session and address questions from attendees.

**Acceptance of Another Session Type:** If you are willing to accept another session format, please check the appropriate box.

**Acceptance of an Alternative Session Length:** If you are willing to accept a session of a different length, e.g., 30 minutes, instead of 1 hour please check the appropriate box.

**Audio Visual:** Each room at the conference site is equipped with a projection system and a screen.

**Number of Presenters Including Proposer:** Indicate the total number of presenters who will be participating in the presentation.
