SUAG's Sponsorship of Washington City Arts Council

In order to start the WCAC organization, WCAC had to be sponsored by a 501(c)3 (non-profit organization). WCAC is a DBA (Doing Business As)

operating under SUAG. However, WCAC is financially independent and is funded solely by the Washington City RAP funds. SUAG membership funds are NOT used to financially support WCAC.

SUAG Member Meetings ... *much more than just meetings!*

Program Director, Kyle Denning, has put together a great schedule of guest artists for our meetings over the next few months. This is a benefit for being a member. SUAG meetings are on the third Wednesday of each month; all *members* welcome. The meetings run from 5:30 to 8 PM and are a mix of the guest artist demonstration and regular art guild information. No reservation is needed.

March Workshop: **THE COLOR OF LIGHT**

Focusing on color and light, Sally discusses optical mixing of layered color and how to truly see and identify color, especially subtle color. The effects of light on color, composition, and perception, as well as the use of different types of light are explored. Each student receives individual attention and critiques. Demonstrations, lectures, and a slide show are designed to give students tools to achieve intensely

beautiful color.

JANUARY FEATURED ARTIST **Scott DeHart**

Scott Dehart is a landscape photographer located in St. George, Utah. Scott's intent is to photographically capture many of the unique and beautiful places in the world around us. That desire has led him to travel extensively in much of the western united states and to many areas around the world. Scott

is driven by the urge to capture the visual drama and artistry of the wonders of the western United States. And communicate them to others in such a way as to invite and encourage others to visit these wonderful places and genuinely appreciate what they are seeing. The great iconic places of the world are wonderful; however, there is much beauty in the world around us each day. There is beauty in the land, the villages, towns, and cities of the world. Scott's hope is that if one learns to see wonder in the iconic places, we can learn to see that beauty that surrounds us in our everyday life.

Scott is an award-winning photographer whose work has been displayed in both print and televised media. Scott's work can be explored at MagicHourPhotography.com
