What investment services and advice can you provide me?

- We offer Investment Advisor Services to retail investors. We work with our clients to identify and implement their investment objectives. Our services include the appropriate allocation of managed assets among cash, stocks, and bonds with a selection of specific securities.
- You will typically give us discretionary authority on your account by signing our Investment Advisory Agreement, which means your Advisor will make buy and sell decisions without calling you first, and your account will be monitored on an ongoing basis.
- We are also a portfolio manager for various wrap fee programs: Morgan Stanley Vision, Wells Fargo, and RBC Wealth Management.
- We review our investment advisory accounts and managed portfolios with a general review occurring weekly, and more specific reviews made less frequently but at least quarterly. We require a \$100,000 minimum account size. Fees and account sizes are negotiable.
- For additional information, please reference Form ADV Part 2A, Item 4 and Item 13.

Questions you should ask your financial professional:

- Given my financial situation, should I choose an investment advisory service? Why or why not?
- How will you choose investments to recommend to me?
- What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?

What fees will I pay?

- **Percentage Fee:**
 - Annualized Management Fee:
1.25% for the first \$5,000,000 and negotiable above \$5,000,000.
 - Annualized Management fee for Wrap Accounts:
0.50% for our services as a portfolio manager.
- **Hourly Fee:**

We offer advisory services, consultations and reports on an hourly basis at a rate starting at \$150.00.
- **Financial Institution and Custodian Fees:** Clients will incur charges from Financial Institution(s) and other third parties such as brokerage commissions, custody fees, exchange fees, SEC fees, mutual fund fees, exchange traded fund fees, wire transfer and electronic fund processing fees. you should review the fee schedule published by the custodian for those specific fees.
- If you use the services of a portfolio manager or third-party investment advisory firms, you will be charged fees depending on the terms of your agreement with them.
- You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please ask your Advisor for personalized information and make sure you understand what fees and costs you are paying.

Questions you should ask your financial professional:

- Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?

What are your legal obligations to me when providing recommendations? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice we provide you.

We have solicitor arrangements with other firms and/or other registered investment advisers refer clients to us. All clients will be given full written disclosures describing the terms and fee arrangements between the adviser and solicitor. We use Charles Schwab and Pershing LLC as custodians for our clients. Charles Schwab and Pershing LLC services include research, brokerage, custody and access to mutual funds and other investments that are otherwise available only to institutional investors. Some of these other products and services assist us in managing and administering clients' accounts.

Questions you should ask your financial professional:

- How might your conflicts of interest affect me, and how will you address them?

How do your financial professionals make money?

We are compensated based upon a percentage of the company's assets under management.

Do you or your financial professionals have legal or disciplinary history?

No. A free search tool to research us and our financial professionals is available at www.investor.gov/CRS

Questions you should ask your financial professional:

- As a financial professional, do you have any disciplinary history? For what type of conduct?
