Sunday, 16th October 2022 Sunday run to Ballina Gallery Café for morning tea then Billinudgel Hotel for lunch. An interesting and entertaining morning at the Gallery, we had some “visitors” in our group that we weren’t aware of! General Business

A number of Members have not fulfilled their commitments with their Historic Plate registered vehicles.

For those with one vehicle, you must have the vehicle at 3 Club Events,
2 vehicles- one vehicle at least once and the other vehicle at least twice in a calendar year,
Three or more vehicles, each vehicle at least once in a calendar year.

We are getting to the pointy end of the year and only a limited number of events to fulfil your commitments. We are taking this seriously, previous 2 years because of Covid19 we have not adhered to the Club Rules but this year we will be enforcing the Rules very strictly. We understand some vehicles are flood affected, please advise if you have a valid reason for not fulfilling your commitment.

North Coast Drought and Disaster Appeal are asking for non-breakable Christmas decorations and non-perishable Christmas food hamper donations as per the flyer being circulated. Maybe the Club as a group could put a hamper together. Contact Fiona Gordon 0431 984 410 or Anne Thompson 0412 910 523.

Goonellabah Sports Club are now charging a room rental fee of \$60 per meeting, we can hopefully offset this by applying to Clubs NSW for a Grant to cover the meeting room rental. I will apply to Clubs NSW for the Grant hoping we will be successful.

Bob Sweeney attended the six monthly meeting at Tamworth of CHMC Meeting. We await the Minutes of the Meeting, they will be sent to Club Members. Bob feels we most definitely need to be Members of the Council of Heritage Motor Clubs Inc. given the ever changing rules regarding Historic Vehicle Registrations.

Some members did not receive their “Accelerations” in October, seem to be the Members with Big Pond email addresses. Please advise Fiona if you did not receive your “Accelerations”.

Next Monthly Meeting Wednesday 7th December 2022

Meeting Closed 8.08pm

PRESIDENTIAL RAMBLINGS

Thank you to Bob Sweeney for chairing the meeting and particularly for travelling to attend the CHMC Meeting in Tamworth on our behalf. We shall be very interested to hear his report at the next meeting. Clearly the club needs to keep abreast of any changes to RMS regulations. It does appear the rules will stay the same to certify cars for club registration. So, for 2023 you will need to provide Tim with a roadworthy slip, be a financial club member and for those with plated cars, appear at club events so as to legally fulfil all requirements. Remember your club membership fees are due by 31/12/2022.

A pleasant lunch was had on Sunday at Eltham Pub with goodly numbers. The pub appears to be a very busy place these days, and a good venue for us with lots of space - for us and our cars.

Gayl, Julie and my trip to Noumea was very interesting. Driving around, or rather, being driven around, there were quite different models on the road. Same makers that we see represented in the Australian market, but different models. Needless to say, in Noumea I was in good company as a Peugeot aficionado. In fact, when it was known that I was an enthusiast, one of our hosts honoured us with the first ride in his newly restored Mini Moke. He purchased it from Marseilles in original but average condition and restored it himself.

On return to Australia when we journeyed to the Snowy Mountains, we came across the Cooma Car Club. Sadly, we missed their very large car show by one day; their first since Covid. However, my friend and I were able to visit them during the week. The Cooma Club is a very active club. They have purchased a large defunct sports centre as their premises. As well as space to store their cars, it is set up with a conference room, commercial kitchen and space for conferences, which they rent out.

Members were just returning their cars after the show so the building was not full, but I suspect the space would hold 50 to 60 vehicles. However, unlike Toowoomba, they don't have the work shop that some members would like to see. The club opens for display twice a week and charges \$5 a head entry. Interestingly, their main income is from renting out tents and marquees which raise a fair sum. Like us, their members are aging and they worry what will happen to their cars and club premises in the future. For now, they are doing fine!

Thank you to all the members who have contributed to making this a great recovery year. I would like to make a special mention of Shirley and Julie (Snow). They are doing a power of administrative work organising our club and car details for the CHMC and our own future needs. It is an exacting and very time-consuming task. Thank you.

Our heartfelt thanks to Shirley and Barb again for their organisation of the Christmas party and display, and to those members who help with the display, raffles and competitions on the day.

2023 is already coming together as members are working on some great activities. Let's share the load to keep it going. Bright ideas are very welcome.

Celebrate the finish of 2022 in fine style with our Christmas party.

Have a safe and enjoyable Festive Season, all the best for the New Year.

RECENT OUTINGS

COFFEE RUN TO MODANVILLE—Wednesday 9th November 2022

A beautiful day to meander into the hills, arriving at Annies Country Bakery at Modanville. Plenty of bakery delicacies to choose from, good coffee and pleasant outdoor tables from which to enjoy the views. Lots of chatter and laughter, an excellent outing.

LUNCH AT THE ELTHAM HOTEL—SUNDAY 20th November 2022

An excellent turnout for lunch at this popular local hotel, on a very hot Sunday. Good food and service, lovely cars to admire and convivial company made for an enjoyable time. David Gordon enjoyed revisiting an old haunt and was pleased to see his “Pub To Scrub” trophy is still on display.

FORD BRIQUETTES—an interesting item from Bob Trevan

The automotive titan, Henry Ford, once used his innovative effort to produce the FORD charcoal briquette for the American BBQ lovers. With the enormous amount of left over wood from production of his Model T' production (just being burnt), FORD soon developed a hydraulic press to produce square briquettes that became a household item in USA until about 1927—or whilst Ford was still using a lot of wood in it's construction.

For more information, this link can be followed:

<https://www.thehenryford.org/collections-and-research/digital-collections/expert-sets/101417/>

Ford Motor Company manufactured charcoal from wood scraps produced by its lumber operations in Michigan's Upper Peninsula. The scraps were burned, mixed with starch and compressed into compact briquettes. Ford sold the charcoal to the public through its network of auto dealerships, as well as through conventional hardware, sporting goods and department stores. It was a prominent example of Henry Ford's commitment to reducing and reusing waste.
